

International Catalog 2024

Welcome to Our Publishing House

Limon Kids aims to produce high-quality content for children aged 0-9 in Türkiye and beyond. Our mission is to support children's development in all aspects while tailoring our products to the specific needs and levels of each age group.

Our Product Range

We take pride in offering a wide range of products carefully designed to cater to children's needs at different stages of their early years:

For the youngest learners, aged 0-3, we offer board books and cards designed to stimulate their senses and encourage interaction.

For children aged 3-6, our selection includes activity books, captivating stories, coloring books, and educational games to foster creativity and cognitive development.

Older children, aged 6+, can benefit from our thoughtfully crafted workbooks that combine fun with learning.

Trusted and Reliable

Parents can trust that our publications prioritize their child's well-being. We not only focus on academic growth but also pay meticulous attention to their emotional, psychological, and social development, ensuring a safe and nurturing learning environment.

Our Core Values

At the heart of everything we do are our core values:

Child-Centric: We place children at the center of our work, ensuring that our products resonate with their interests and needs.

Joyful: We believe that learning should be a joyful experience. We aim our products to be both educational and joyful.

Originality: We take pride in our original content, providing children with unique and innovative experiences.

Global Ambitions

Now, we aspire to take our publications beyond the borders of Türkiye and share them with the world. We believe that our products, crafted with universal standards in mind, will meet the needs and desires of children in every country.

Customized Solutions

We are equipped to offer boutique production tailored to the unique requirements and regional preferences of each country and region.

Experienced Team

Our team of authors boasts over 20 years of expertise, each member being an expert in their respective field.

As we prepare our promotional catalog with visuals, sample pages, and technical specifications, we invite you to join us on this journey of enriching young minds and making learning a delightful adventure.

Thank you for considering **Limon Kids** as your partner in education and entertainment for the children of the world.

Bright and delightful children's illustrations

Fluid and beautiful narrative

"It was the last days of summer, and Emre was a bit anxious about going to school. Why was it necessary to go to school, anyway? Could he find the answer to this question during his park walk with his grandmother?"

The storybook 'Why Should I Go to School?' explaining to children why they need to go to school and what it brings to them is waiting for our children! Kids will love the fluent and warm narrative of this book, along with its bright and fun illustrations.

Why Can't I Do It?

24 Pages

8.66" x 8.66" dimensions

Bright and delightful children's illustrations

Fluid and beautiful narrative

"Ayça felt very incompetent about the things she couldn't do. But was she really incompetent? Would Ayça understand that there's a time for the things she does well and the things she can't do, and that everyone has different interests and talents?"

"Why Can't I Do It?" is a wonderful story that tells children that everyone has different interests and talents, and also that sometimes it takes a little time to be able to do certain things!"
